

Leo

And

the Fantastic Adventure

MAY NO CHILD VE WITHOUT
A FAIRY TALE HERO...

The himo of this story is

Leo

"On every page, new friends will come to life through your imagination, and you will set off on a journey full of magical adventures.

Are you ready?"

Leo
And
the Fantastic Adventure

One summer day, **Leo** goes for a walk in the forest behind his house.

Always looking for adventure, he notices a mysterious light shining from behind an old door.

He decides to open it and suddenly finds himself stepping into a magical land.

As **Leo** walks along a bright path in the magical land, a dragon appears.

The dragon's name is Draco, and he is very friendly. **Leo** climbs onto Draco's back so he can show him the beauty of this land, and together they begin to fly.

While flying in the sky, **Leo** sees a golden bird shining like the sun.

The bird's name is Nova, a phoenix.

Nova gives him a feather and says it will bring him luck.

Leo puts the feather in his pocket and thanks Nova.

Draco gently sets him down in a meadow. Thime, he sees a unicorn named Luna with a brown body and a dark mane.

Luna comes closer and invites **Leo** to ride on him back. As they run across the meadow, the flowers sway like they are dancing.

Leo feels he will never forget this magical moment.

Leo enters a forest filled with fairy lights. Thime, he meets a fairy named Tink who gives him fairy dust. Tink explains that the dust has the power to make dreams **come true.** **Leo** sprinkles the dust and wihes for a wonderful adventure.

Leo arrives at a small village full of dwarfs. The dwarfs are kind and invite him to their dinner feast. **Leo** realizes how much they value friendship and teamwork.

Her next stop is a magical grove where elves live.

An elf gives him a magical bracelet.

The bracelet will remind him of the magic of the grove.

Leo dances with the elves under the stars.

Leo reaches a sparkling lake with crystal-clear water.

Graceful mermaids are swimming inside.

A mermaid named Marina invites him to explore a secret
underwater cave.

Leo admires the hidden beauty of nature.

Leo feels that his adventures in the magical land are coming to an end.

When he returns to the door, he says goodbye to all the friends he met.

As he steps back through the door into the forest, he reaches into his pocket.

He takes out Nova's feather and smiles.

"This feather will always bring me luck," he says and walks home happily.

Walking under the stars, he thinks about the friends he met and the lessons he learned: friendship, courage, and respect for nature.

Everything settles in his heart like a beautiful fairy tale.

When **Leo** returns home, he lies down in his bed. He places Nova's feather beside his pillow and falls asleep. In the morning, he sees the red feather shining in the sunlight. Smiling, he whispers, "One day, I will return."

And **Leo** smiles at the new day, knowing that new adventures are waiting for him.

Every morning, he wakes up with the light of that red feather in his heart.

Because dreams never end.

Each one is the door to a new path.

"Maybe new friends... maybe new secrets..." he whispers.

THE END

"Fairy tales help children grow their imagination. They help children see the world in new ways.

When children read fairy tales, they have fun and build a rich world of imagination. The values they learn will guide them all their lives.

Reading stories helps children learn kindness, courage, friendship, and honesty. Stories also help children think, solve problems, and understand others better."
